

OM WAGALE

DATA SCIENTIST

khopat,Thane(w)-400601 | 9082697578 | omwagale07@gmail.com

PROFILE SUMMARY

Third-year Computer Engineering student with a strong interest in Data Science and Machine Learning. Skilled in Python, Java, SQL, Pandas, NumPy, Scikit-learn, Flask, and data visualization, with hands-on experience building machine learning and software projects. Currently strengthening problem-solving and DSA skills in Java while developing practical AI/ML solutions. Passionate about applying data-driven approaches to real-world problems and continuously learning new technologies.

SKILLS

- Programming: Python, Java, C, SQL
- Data Science & ML: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, XGBoost
- Machine Learning: Regression, Classification, Clustering, PCA, Feature Engineering
- Web Development: Flask, HTML, CSS
- Database: MySQL
- Tools: Git, GitHub, Jupyter Notebook, Google Colab, Power BI

PROJECTS

Face Recognition System | Python, OpenCV, PCA, Scikit-learn

- Built a face recognition pipeline using OpenCV for grayscale conversion, face detection, image resizing, and normalization of facial images.
- Extracted facial features using PCA, retained the principal components explaining most of the variance, and trained a classifier on the reduced feature space for identity prediction.
- Evaluated recognition performance using train-test splits and accuracy/confusion matrix analysis.

Loan Default Prediction | Python, Pandas, NumPy, Scikit-learn, XGBoost

- Developed a loan default prediction pipeline involving data cleaning, missing-value handling, categorical encoding, feature scaling, and exploratory data analysis.
- Selected relevant financial and demographic features and trained classification models to predict whether a customer is likely to default on a loan.
- Evaluated models using accuracy, precision, recall, F1-score, and confusion matrix to assess classification performance.

EDUCATION

Vidyalankar Institute Of Technology

2024-Present

Bachelor of Technology in Computer Science
